PERFORMANCE RUBBER FLOORING

ICE ARENAS

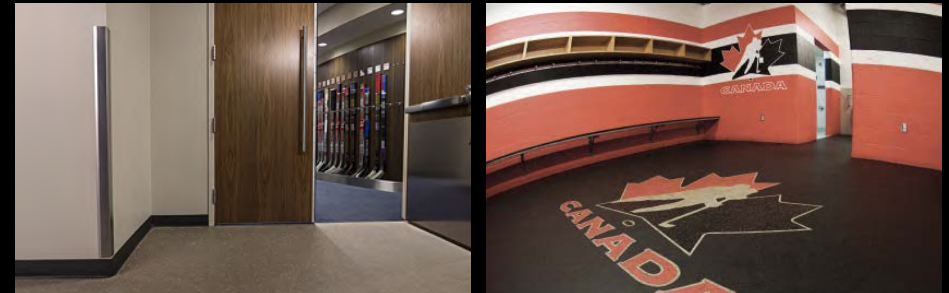

“ With a constant flow of fans and athletes going through our arena, I count on SportFloor for a safe and durable rubber surface solution. ”

Kavie Toor, Facility Director
2010 Olympic Venue

Durability and Design for High Performance

Manufactured from the highest quality recycled and virgin rubber, SportFloor features a durable, slip-resistant and easy-to-clean surface specifically designed to withstand the most demanding arena surface needs. Available in a wide variety of colors, SportFloor offers customization capabilities to fulfill the branding and design requirements for a variety of applications.

With three versatile product lines – Stamina, ReAction and ProXL – SportFloor offers the complete package for all of your ice rink flooring needs.
